SetApp

Revolutionizing On-Set Workflows

Full-Stack Platform for Film Crews

PRESENTED TO
Industry Professionals

PRESENTED BY
[Quasi Maina]

The Knowledge Gap

Film crews often face **inefficiencies** due to fragmented, undocumented insights. SetApp centralizes this knowledge, enabling quicker access and improved pre-production workflows.

Efficiency

REGISTER SETUPS

Crew members can easily document and upload their optimized setups.

CENTRALIZED KNOWLEDGE

A comprehensive database fosters collaboration and shared expertise among crews.

SEARCHABLE LIBRARY

Professionals and trainees can quickly find relevant production knowledge and resources.

Key Statistics

Discover how SetApp transforms film production workflows

30,000

Hours saved annually

Improved pre-production efficiency

15%

Cost reduction on setups

Lower overall production costs

Empowering Film Crews with SetApp

Streamline workflows and enhance production knowledge

Benefits of Using SetApp
